

Quality Policy

It is the policy of Concurrent Technologies Corporation (CTC) to provide value-added quality products and services. CTC identifies and creates breakthrough technologies and applies them through an integrated business and technical approach to produce transformative solutions. We are a true partner to our employees and clients and are personally invested in their successes.

CTC integrates quality consciousness throughout all of its activities to ensure total client satisfaction. CTC accomplishes this through the execution of the following commitments.

Q

Quality

Providing quality products and services that meet or exceed the requirements of our internal and external clients to ensure the successful attainment of business objectives and goals

E²

Effectiveness & Efficiency

Striving to limit activities to only those required to meet or exceed our clients' requirements and then working to improve the efficiency of those activities

C²

Compliance

Meeting or exceeding applicable internal, regulatory, and statutory requirements

Continuous Improvement

Seeking and achieving continuous improvement in our products, services, and the effectiveness of our management systems

It is the responsibility of each person working for, or on behalf of the Company to comply with and support the provisions of this policy.
