(b) SELLER's obligations under paragraph (a) above shall not apply to the extent FAR 52.227-1 "Authorization and Consent" applies to BUYER's Prime Contract for infringement of a U.S. patent and BUYER and its customers are not subject to any actions for claims, damages, losses, costs, and expenses, including reasonable attorney's fees by a third party.

14. CLAIMS RELATED TO PRIME CONTRACTS

(a) If a final decision is made by the Contracting Officer of Client, and such final decision pertains to the subject matter of this order, then such final decision shall be binding upon Seller with respect to such matter, except that Seller's rights of appeal through a Prime Contractor sponsored claim are available to Seller, at Prime Contractor's sole discretion and at Sellers expense. If, as a result of any final decision or appeal thereof, Prime Contractor is unable to obtain payment, or reimbursement, from Client, or is required to refund, or credit, to Client any amount with respect to any item, or matter, for which Prime Contractor has reimbursed, or paid, to Seller, then Seller shall, on demand, promptly repay such amount to Prime Contractor. Prime Contractor's maximum liability to Seller for any matter connected with, or related to, this order which was properly the subject of a final decision, or appeal, thereof is the amount of Prime Contractor's recovery from the Client for that claim.

(b) Except to the extent permitted under terms expressly set forth in the Prime Contract, the Seller shall not acquire any direct claim or direct course of action against the Government pursuant to this Order.

15. OTHER COMPLIANCE

The Seller shall comply with all applicable Federal, State, and local laws, executive orders, rules, and regulations applicable to its performance under this Order.

The order of precedence in no way takes precedence over any FAR or DFARS clauses

that are a part of the Order.

17. LIEN WAIVER(S)

Seller shall provide Buyer with lien waivers in a form reasonably satisfactory to Buyer from any and all lower-tier subcontractors, consultants, materialmen, suppliers, or other entities (hereinafter collectively referred to as "subcontractors") working under Seller in the performance of this Order. Failure to deliver such lien waiver(s) shall cause Buyer to withhold payment of that amount from the Order payment schedule equal to the amount to which the subcontractor(s) are entitled. Further, in the event that such lien waivers are not delivered to Buyer by the point in time when performance by Seller has reached fifty percent (50%) of completion, Buyer may, at its sole option, elect to double the amount of retainage established under this Order and issue any progress payments due and owing to Seller in the form of jointly payable checks.

In the event that Buyer receives notice of non-payment of a subcontractor or a formal notice of the intent by a subcontractor to file a lien, Buyer shall notify Seller which will have five (5) business days within which to resolve the non-payment or prospective lien. In the event that a lien attaches due to Seller's failure to respond, Seller shall have five (5) business days within which to cause such lien to be removed. Until such lien is removed Buyer shall be under no obligation to make any progress payments to Seller. Seller shall hold Buyer harmless for any and all damages attributable to the placement of a lien upon its property, including reasonable attorney fees.

18. COUNTERFEIT WORK

(a) For purposes of this clause, Work consists of those parts delivered under this Order that are the lowest level of separately identifiable items (e.g., articles, components, goods, and assemblies). "Counterfeit Work" means Work that is or contains items misrepresented as having been designed and/or produced under an approved system or other acceptable method. The term also includes approved Work that has reached a design life limit or has been damaged beyond possible repair but is altered and misrepresented as acceptable.

(b) SELLER shall not deliver counterfeit Work to BUYER under this Order.

(c) SELLER shall only purchase products to be delivered or incorporated as Work to BUYER directly from the Original Component Manufacturer (OCM)/Original Equipment Manufacturer (OEM), or through an OCM/OEM authorized distributor chain. Work shall not be acquired from independent distributors or brokers unless approved in advance in writing by BUYER.

(d) SELLER shall immediately notify BUYER with the pertinent facts if SELLER becomes aware or suspects that it has furnished Counterfeit Work. SELLER shall provide OCM/OEM documentation that authenticates traceability of the affected items to the applicable OCM/OEM.

(e) This clause applies in addition to any quality provision, specification, statement of work or other provision included in the Order addressing the authenticity of Work. To the extent such provisions conflict with this clause, this clause prevails.

(f) In the event that Work delivered under this Order constitutes or includes Counterfeit Work, SELLER shall, at its expense, promptly replace such Counterfeit Work with genuine Work conforming to the requirements of this Order. Notwithstanding any other provision in this Order, SELLER shall be liable for all costs relating to the removal and replacement of Counterfeit Work, including without limitation BUYER's costs of removing Counterfeit Work, of installing replacement Work and of any testing necessitated by the reinstallation of Work after Counterfeit Work has been exchanged. The remedies contained in this paragraph are in addition to any remedies BUYER may have at law, equity or under other provisions of this Order.

(g) SELLER shall include paragraphs (a) through (e) and this paragraph (g) of this clause or equivalent provision in lower tier Orders for delivery of items that will be included in or furnished as Work to BUYER.

19. MISCELLANEOUS

(a) If Seller refuses to accept this Order exactly as written, Seller will so advise the purchaser upon receipt of the Order and before Seller makes any shipment.

(d) If CTC's accounts payable department is notified of an outstanding debt of the supplier owed to CTC and uncollected by CTC, CTC may withhold and offset any debt owed to CTC from any outstanding supplier invoices submitted to CTC for payment. A 30-day notification to offset a supplier invoice will be issued by CTC prior to the offset, thereby allowing the supplier the opportunity to negotiate a debt repayment schedule with interest in lieu of an offset. If the amount of the debt is greater than the amount on any outstanding invoices, offsets will continue until the supplier debt is fully repaid to CTC.

(e) The Seller represents and warrants that it shall comply with all U.S. export and import laws and regulations. Further, by acceptance of this Order, the Seller certifies the following:

If any commodities, technical data and/or services provided by the Seller to CTC in connection with this Order are subject to the requirements of the International Traffic Arms Regulations, 22 CFR Part 120, (ITAR) or the Export Administration Regulations 15 CFR §§ 730-774 (EAR) the following shall apply:

In addition, the Seller shall notify CTC in writing prior to the export, transfer or disclosure to foreign persons; and

4. The Seller shall indemnify and hold CTC harmless for all claims, demands, damages, costs, fines, penalties, attorney's fees, and all other expenses arising from the Seller's failure to comply with this clause and the stated statutes and regulation, as they may be amended.

(g) If Seller believes that a violation of one or more of the prohibitions described in paragraph 19(f) may have occurred, Seller shall promptly report in writing, to the Legal Office of Concurrent Technologies Corporation (CTC), 100 CTC Drive, Johnstown, Pennsylvania 15904 (for information call (800) 282-4392); please identify yourself, your company, the violation as specifically as possible, and identify the Order to which the report relates.

The Seller may not communicate directly to the Government in support of this Order, unless approved by the Buyer. However, this does not preclude the Seller from reporting fraud, waste or abuse directly to the Government.

All disputes involving this Order that are not resolved between the Parties shall be construed and interpreted according to the Federal common law of Government contracts as enunciated and applied by Federal judicial bodies, Boards of Contract Appeals, and quasi-judicial agencies of the Federal Government.

21. FAR CLAUSES APPLICABLE HERETO

The following clauses set forth in the Federal Acquisition Regulation (FAR), as amended and modified below, are applicable to this Order. Without limiting the Order provisions, these FAR clauses are incorporated by reference into this Order with the same force and effect as though set forth in full text. The complete text of any clause referenced may be obtained from the Buyer. The dates of these FAR clauses incorporated by reference are the same as the corresponding clause in CTC's prime contract or higher-tier subcontract under which this order is placed. However, statutory acquisition-related dollar thresholds referenced in any clause shall be applied using the value in effect at the time of this subcontract award, as adjusted for inflation in accordance with FAR 1.109. Other clauses as may be required will be identified on the face of this Order, either by incorporation or by attachment thereto. The Seller shall include in each lower-tier subcontract the appropriate flowdown clauses required by the FAR and DFARS.

To accommodate contracts awarded under different versions of the Federal Acquisition Regulation and Defense Federal Acquisition Regulations, these General Provisions may contain both legacy FAR clauses and clauses issued under the FAR Overhaul (RFO) and deviations in the DFAR. In some instances, clause numbering, titles, or text have changed under the FAR Overhaul and DFAR Deviations. The inclusion of both versions is intended solely to ensure compliance with the contractual and regulatory requirements applicable to the specific procurement. Where both a legacy clause and its FAR Overhaul/DFAR Deviation counterpart are identified, the version required by the applicable prime contract or solicitation shall govern.
